SECOND TRIAL

Or Sanguilly, an American Citizen, in Havana.

The Charge is Conspiracy to Overthrow the Spanish Rule in Cuba.

The Beatties, English Planters, Arrested at Manzanillo, Released—The Judge and Clerk in the Case to Be Indicted for Their Action in the Matter.

HAVANA, Dec. 22.—The civil trial of Julio Sanguilly, a naturalized American citizen, on charges of conspiracy against the Spanish government, began at 1 o'clock Monday afternoon at the Audiencia.

Sanguilly, it will be recalled, was arrested a long time ago and was tried by a court martial, which sentenced him to life imprisonment. The United States government, however, intervened in his behalf on the ground that his trial by a military tribunal was not in accordance with the terms of the Spanish-American treaty, and he was granted a new trial before the supreme court. The case excites much interest here, owing to the prominence of the prisoner and the questions involved, and a large crowd assembled in front of the building in which the trial was held to witness the entry and departure of the accused.

The chief of police and an inspector were the first witnesses. Their evidence was favorable to the accused, they declaring that they had no knowledge of Sanguilly ever having taken part in the rebel movement.

The defense protested vigorously against the reading of the testimony given by Coloma, holding that its admission in the present trial was directly contrary to the law.

Sanguilly testified that he did not write the letters which were produced in his former trial and which the prosecution claims proves beyond doubt his connection with the rebellion.

The letters had been submitted to experts, and they testified that they were in the handwriting of the accused. The prosecuting attorney reviewed the case, claiming that the evidence was indisputable, that the prisoner had taken an important part in the conspiracy to overthrow the Spanish government in Cuba. He skillfully presented all the facts that could be brought to bear against the accused and asked the court to sentence him to life imprisonment. The court then adjourned until noon Tuesday.

La Lucha prints a bitter editorial Monday on the Cameron resolution. It draws a parallel between the congresses of 1872 and 1896 and says that both were inspired by mercenary motives. It adds that it believes that President Cleveland will act in a manner similar to Gen. Grant and stop the

Jingo movement.

Thomas and Richard Beattie, the English planters who were arrested some time ago at Manzanillo, which arrest led to the intervention of the British foreign office, were released provisionally on December 15. The judge and clerk in the case have been arrested by order of Capt. Gen. Weyler, and stays have been taken to indict them for their action in the matter. Great Britain has made a demand on Spain for compensation for the arrest of the Beatties, who were taken into custody on the charge of being secret agents of the rebels.

BRIDGE ACCIDENT.

Forty Persons Precipitated Into a Creek—One Dead and Twelve Injured.

WHEELING, W. Va., Dec. 22.—At Littleton, Wetzel county, Monday night, a wire suspension bridge over a creek broke down while crowded with people returning home from a church entertainment, and about thirty or forty people were precipitated into the bed of the stream. One young man was killed, two others probably fatally wounded and eight or ten others hurt from seriously to slightly. The victims are:

Killed: Wilbert Hammond, aged 18. Dangerously wounded: Miss Artie Brown and Harry Anderson. Less badly hurt: Miss Cora Murphy, Simmons Fox, Wm. Mays and son and Newt Carman.

The fact that the creek was low prevented a large loss of life.

A Posse After the Murderer.

NEW ORLEANS, Dec. 22.—A special to the Daily States says: Mrs. Foss was murdered and her mother seriously wounded by a Negro near Pontchartrou, La. The deed was committed by a Negro who was raised by the family. He used an ax. It is supposed robbery was the motive. The murderer is being pursued by a large posse.

Ore Miners Strike.

IRON MOUNTAIN, Mich., Dec. 22.—Monday morning 300 men employed at the Aragon mine, at Norway, went on a strike because they were refused an increase in wages of ten per cent. The request was made because the Penn Iron Mining Co., of Vulcan, were paying the wages asked for by the strikers.

Allison and the Cabinet.

DENVER, Colo., Dec. 22.—Inquiry Tuesday develops that there is no truth in the story that Senator Allison has been offered the secretaryship of state. This is positive and on the very best authority. Senator Allison has not yet left his room, but expects to be able to go to Washington immediately after the holiday recess.

Willie Haas Reaches the Pen.

COLUMBUS, O., Dec. 22.—William Haas, the Cincinnati murderer, the first to be sentenced to electrocution in Ohio, was brought to the penitentiary Tuesday morning. He was perfectly at ease and gave no evidence of dread of the fate that awaits him.

ADDITIONAL

Report on the Cameron Resolution by Mills and Morgan.

The Senators Give Reasons for Their Approval of the Measure.

Cubans Desire Annexation to the United States—The Tennessee Centennial Bill Becomes a Law—House Bill Introduced Restoring Wool Duties.

WASHINGTON, Dec. 22.—Senator Mills, of Texas, and Morgan, of Alabama, of the foreign relations committee, join in making an additional report on the Cameron resolution. While they give the majority report their unqualified approval, concurring in all that it said in the report, they deem it well to present some additional reasons for agreeing to it and for the passage of the resolution. They quote the report of the committee on foreign relations in 1859 when that committee was considering the senate bill "making appropriations to facilitate the acquisition of Cuba by negotiations."

"The summing up of that report is repeated as follows:

"There can be no doubt that an immense majority of the people of Cuba are not only in favor but ardently desire annexation to the United States. It would be strange, indeed, if they were not so, deprived of all influence even in the local affairs of the cause of Cuba by our government on December 9, 1895."

Tennessee Centennial Bill.

WASHINGTON, Dec. 22.—The Tennessee centennial bill which carries an appropriation of \$130,000 for a government building and exhibit at the Nashville exposition which will open in May next was signed by Vice President Stevenson and Speaker Reed Monday and at four o'clock sent to the white house for the president's signature.

Wool Introduced in the House.

WASHINGTON, Dec. 22.—Mr. Danford (rep., O.) introduced in the house Monday a bill prepared by the National Wool Growers' association providing for duties on wool. A duty of 12 cents per pound is asked for wool of the first class, eight cents per pound for wool of the second class and other wool according to grade. Mr. Danford (rep., Ill.) offered in the house Monday a bill appropriating \$75,000 for a public building at Jacksonville, Ill.

National Standard for Grain.

WASHINGTON, Dec. 22.—In the senate Mr. Gear submitted a favorable report on the bill to establish a national standard for grain. The bill has the endorsement of the agricultural department, which says it is commendable, and seeks to fix a standard for classifying and grading grains which may be used in interstate and foreign trade, and is only less in importance than the fixing by congress of the standard of weights and measures.

Congressional Proceedings.

WASHINGTON, Dec. 22.—Early in the day the statement was passed around that Senator Hale, who is opposed to Cuban recognition under existing circumstances, would demand a quorum if the debate was resumed, and that doubting his ability to command a quorum, so many senators having left the city, Mr. Vest had determined to postpone his effort till after the recess.

After this impression gained ground, the proceedings rapidly assumed a listless condition, which intensified when Mr. Hale (rep., Me.) on the committee on appropriations, reported back the urgency deficiency bill and asked for its immediate consideration. There was no objection and the bill was read with the amendments reported by the committee. The amendments were agreed to and the bill was passed and the bill returned immediately to the house for concurrence in the amendments. A dozen private pension bills were passed and the senate adjourned until Tuesday, January 5.

On motion of Mr. Cooper (dem., Tex.) house bill was passed amending the act authorizing railroad companies, whose lines run through the Indian territory, to secure additional depot grounds. The bill was intended, it was stated, largely for the benefit of the Missouri, Kansas & Texas R. R. Co., which, under its charter, is permitted to charge five cents a mile for passenger travel, while all other roads traversing the territory are restricted to three cents.

The house, on motion of Mr. Bingham (rep., Pa.), went into committee of the whole, Mr. Hepburn (rep., Ia.) in the chair, for the further consideration of the executive, legislative and judicial appropriation bill; the appropriation for the civil service commission being the pending question.

Mr. Gibson (rep., Tenn.) spoke against the present law, and Mr. Baker (rep., N. H.) followed in a speech upon proposed amendment authorizing heads of departments to reappoint to place without examination employees who may have been discharged for causes not affecting their moral characters or efficiency.

The legislative, executive and judicial appropriation bill was passed and, at 3:40, the house adjourned until January 5.

Presidential Appointments.

WASHINGTON, Dec. 22.—The president Tuesday sent to the senate the following nominations:

Col. Charles G. Sawtell, to be brigadier general and quartermaster general.

Capt. Arthur D. Wagner, Sixth infantry, to be major and assistant adjutant general.

Capt. G. H. Perkins, to be commodore in the navy on the retired list.

JEALOUS HUSBAND

Shoots His Wife, Stepson and Himself—The Son Will Recover.

CINCINNATI, Dec. 22.—James Preston, a laborer, aged 36, shot his wife, Amanda, aged 37, and his stepson, William Bryant, aged 17, and himself Tuesday morning at about 8:30 o'clock. The shooting occurred at their home at 437 East Pearl street. Mrs. Preston was shot once in the head and once in the left shoulder. Bryant was shot in the left arm. Preston sent a bullet into his own left breast. Jealousy was the cause of the shooting, it appears. Preston is a laborer. He lives with his family on the fourth floor of a tenement house. Recently they removed from New Richmond, O.

Preston came home at about the hour mentioned, and threatened to kill his wife. Bryant, the stepson, seized a hatchet, and ran toward his father. The father turned on him, and the first shot rang from James Preston's revolver. Bryant screamed as the ball plowed into his shoulder. Then he dropped the hatchet and fled.

James Preston then turned on his wife, and three shots from his revolver crinkled out. Two of them went to the mark. Mrs. Preston fell on the bed in a pool of her own blood. Preston then turned the weapon against himself and fired into his left breast. His wound will likely prove fatal, as also will the wounds of Mrs. Preston.

THE TONE

Of the Spanish Press Toward the United States Materially Cooled.

LONDON, Dec. 22.—The Standard's Madrid correspondent telegraphs that Spain has notified the United States that she is satisfied with the friendly tone to President Cleveland's message to congress and the attitude of Secretary of State Olney towards the Cameron resolution.

The correspondent adds that the tone of the Spanish press toward the United States has materially cooled. The prospect of gaining time through President Cleveland's attitude gives confidence to the belief that Gen. Weyler will finish his operations against the rebels before March, when Mr. Cleveland will retire from office. It is added that the rumors of military and naval preparations on the part of the Spanish must be received with caution. The government, limited by the budget votes, is acting purely on the defensive.

A RESOLUTION

Expressing Sympathy With Cuba to Be Introduced in the Italian Chamber of Deputies.

ROME, Dec. 22.—In the chamber of deputies Monday a member of the radical party gave notice of his intention to introduce a motion expressing the sympathy of the chamber of deputies with the Cuban insurgents.

The Marquis di Rudini, prime minister, intimated that the ministry would oppose the adoption of such a motion by the chamber, his remarks evoking violent protests on the part of the radicals. In the course of the discussion Signor Imbriani, the radical leader, declared that his party at least would join the American and other civilized peoples in hoping that the Cubans might be victorious in their struggle for freedom.

USED DYNAMITE.

Prisoners Break Jail at Savannah, Mo.—Recaptured.

ST. JOSEPH, Mo., Dec. 22.—An attempt to break jail occurred at Savannah, 12 miles north of this city Sunday night. Red O'Brien, the noted bank robber, who was arrested in California and brought back here for robbing the State Bank of Savannah of \$14,000, engineered the plot. He and three other criminals secured a stick of dynamite and blew away the door and one side of the jail, after which they fled. The sheriff and citizens, however, pursued and captured the trio. O'Brien had a loaded revolver in his pocket.

Poison in Buckwheat Cakes.

ST. LOUIS, Dec. 22.—Mrs. F. M. Roberts and three of her children, living at 1403 Papin street, were poisoned Tuesday morning by eating buckwheat cakes in which traces of corrosive sublimate have since been found. Mrs. Roberts, her son aged 18, and her daughter Lizzie, about six, will probably die. The flour from which the cakes were made was found in a bag in the back yard by one of the children.

Weyler Goes to the Front.

HAVANA, Dec. 22.—Capt. Gen. Weyler, accompanied by his staff and his son, Don Fernando Weyler, who recently arrived in Cuba from Spain, left Havana Tuesday morning at 2 o'clock, on board the transport Legazpi, proceeding direct to Mariel, at which place he arrived at 7 a. m. Gen. Weyler was received at Mariel by Gen. Arolas, and at 2 o'clock Tuesday afternoon proceeded to the field of military operations.

The Defendants Found Guilty.

DENVER, Colo., Dec. 22.—The case of the government against C. H. Dow, president; Sidney G. McClurken, teller of the defunct Commercial national bank; and Dr. O. E. Miller, of Chicago, charged with misapplying funds and defrauding the depositors of the wrecked institution, came to an end late Monday afternoon, the jury returning a verdict of guilty against all three of the defendants.

No Clemency for John Y. McKane.

AN ADDRESS

To the American People by Ex-Premier Castelar.

Gives His Views on the Situation in Spain and This Country.

Says Cleveland is Prudent and Will Not Rush the United States Into War—He Thinks President-Elect McKinley Will Try to Discourage Jingoism.

NEW YORK, Dec. 22.—A Madrid special to the Journal contains an address, signed by ex-Premier Castelar, to the American people, giving his views on the situation in Spain and the United States. The address recites the reforms heretofore granted to Cuba, and says the same liberty of conscience, instruction, the press and public meeting as is allowed here in Spain, is allowed them, but nobody could prevent them from trying to establish a sovereignty by arms. Referring to the United States he says in part:

"The American Constitution has distinguished between Americans and naturalized citizens, requiring the condition of birth in America for election to the presidency. This is wise, for now we see the difference between Cleveland, who is prudent, and those who would rush the United States into war. For one thing, it has assured a president who is shielding us from the recognition of the belligerency or independence of a republic that has no existence, who is shielding us from the craziest of resolutions, which would have the inevitable effect of bringing on war. And, as Mr. Cleveland has acted, so will McKinley. As a republican he will perhaps do even more than would a democrat to discourage jingos who advocate a war, bound to be equally fatal to the victor and vanquished, breaking the bonds of association which bind the old world to the new. I deduce from Mr. Cleveland's message that he will stand as defender of his own theory not to recognize the belligerency of the Cubans. A liberal government like ours can not learn from outsiders its faults in governing the Antilles or submit to a mediator. President Cleveland, like myself, was obviously persuaded of the truth when he wrote his message, completely favorable as it was to Spain. What surprises me is the senseless proposition so favorably received by the senate recommending the acknowledgment of Cuban rebels as belligerents—recommending the independence which is impossible and which would be a frightful aggravation to the Spanish people and a violation of international courtesy. They tell me that conflict is inevitable. It will be as unequal for an aggression on the part of the United States as was that of Napoleon in 1808 when he invaded our territory. We have done everything to avoid war, everything but humiliate ourselves before the strong and sully our national history with indignity."

But if the United States declare for Cuban belligerency, we will maintain our rights against all odds. But we do not believe; we can not believe, that the American—the humane, the progressive—will declare it. As for ourselves, we will do everything we can to avoid this sad interference; without pride, but also without timidity.

An Old Man Murdered.

ST. JOSEPH, Mo., Dec. 22.—Alfred Wilson, an old miser, who lived alone seven miles north of this place, was found murdered in his home Monday. He had been shot five times and his head split with an ax. The room resembled a slaughter pen. The murderers secured about \$5,000.

Unknown Man Killed by a Sheriff.

TOLSON, O., Dec. 22.—The body of an unknown man was found Monday afternoon on a lumber pile in the north end of town. There were two bullet holes in his head and the skull was crushed as if by an ax. On the body were two Wabash railroad checks made out to J. T. Pentland, of Ashley, Mich. The coroner believes the man was murdered.

The Curfew at Upper Sandusky.

UPPER SANDUSKY, O., Dec. 22.—A curfew ordinance was passed by a unanimous vote of council, in spite of opposition from leading citizens.
